

Commercial Applications

RESTORING THE BALANCE™

The most advanced system for eliminating odors, decontaminating surfaces and purifying the air.

Permanently installed for
treatment of large
volume areas.

Eradicate odors, gases,
bacteria, mold, viruses,
VOCs and chemical fumes.

Schools

Fitness Centers

Chemical Supply Stores

Hospitals

Green Technology at Work®

Hydroxyls:

- Can be used in occupied spaces to eliminate odors and pathogens
- Are safe for people, animals, plants, and sensitive materials such as rubber, plastic, leather, and electronics
- Are more effective than filters, chemicals, masking agents and ozone

Hydroxyls are the ideal solution for:

- Eradicating unpleasant odors, volatile organic compounds (VOCs), chemical fumes and gases
- Killing bacteria, viruses and mold

Eliminates VOCs caused by things such as:

Applications

- Trash / Dumpster Rooms
- “Sick Building Syndrome”
- Hospitals / Doctors Offices / Laboratories
- Senior Care / Day Care Facilities
- Funeral Homes / Morgues
- Schools / Universities / Place of Worship
- Office Buildings / Supermarkets
- Contractors / Developers / Janitorial / Apartment Manager
- Realtors / Property Manager
- Nail and Hair salons / Spas
- Fitness Centers / Massage Studios
- Veterinary Clinics / Pet Stores
- Car, Boat and RV Dealerships
- Print Shops / Cabinet Makers
- Pool / Chemical Supply Stores
- Ambulances / Police Cars

Advantages

Due to the safety and effectiveness of the hydroxyl molecule, commercial companies are achieving unprecedented competitive advantages.

- ODOROX® hydroxyl generators provide an ongoing solution to combat poor indoor air quality due to bacteria, virus, mold, volatile organic compounds (VOCs) and offensive odors
- Unlike ozone, foggers, harsh chemicals and other conventional methods, the ODOROX® system can be run in occupied areas and is completely safe for rubber, plastic, vinyl, electronics and other sensitive materials
- Remediate and prevent “Sick Building Syndrome”
- Ideal for the environment of those who are chemically sensitive or medically compromised
- Low operating and maintenance cost
- Wall mount option
- Hidden ceiling mount option with independent duct system
- Floor mount option - portable and lightweight
- Operates using less than two amps

We manufacture what the sun produces naturally

Hydroxyls (HO•) are naturally occurring molecules that are created in our atmosphere when the sun’s ultraviolet rays react with water vapor.

ODOROX® hydroxyl generators replicate this natural process indoors, thus Restoring the Balance™.

For Commercial use:

- ODOROX® Decon Scrubber™ Unit
- ODOROX® MDU™ Unit
- ODOROX® Oasis™ Unit
- ODOROX® Boss™ Unit
- ODOROX® Boss XL3™ Unit
- ODOROX® Slimline™ Unit
- ODOROX® SanX™ Unit
